Date: December 12, 2008

From: Burcham International Corp.

Subject: Presence of Phthalates in PET resins

Burcham International has been assured by all of our PET resin suppliers that the following list of phthalates is not contained in PET resins.

DEHP
DBP
BPA
BBP
DINP
DIDP
DnOP
DnHP

The above list of chemicals is not used as a raw material, nor is it added to the manufacturing process or the end product. Therefore, we have no reason to expect that these substances are present.

Please note that we do not however, analyze PET resins for the substances referenced above.

We are very confident that our PET resin suppliers are providing safe PET resins for our customers. Please let me know if you have any other questions related to this subject.

Sincerely yours,

Meyer Moore
